for just 2p a stamp

100 STAMPS FREE!*

In 1840 if you wanted a bag of TrisMix you would have to have invented the postage stamp. Well thanks to Roland Hill and TrisMix a superb bag of World stamps could be yours to sort through for just £5.95*.

How does it work?

Well, constantly, collections and mixed accumulations are being purchased and broken down. Loose stamps, stamps in packets etc, need checking and as any dealer who purchases this type of material knows, it's just too time consuming to check all those stamps.

WOW!

Stamps from yesteryear, mostly off paper. Take 260 stamps of your choice, *then take another 100 with our compliments and return the rest in the enclosed SAE. In your next selection you will find a Hong Kong M/S free of charge. Just send the coupon with £5.95 inc. P&P to: TrisMix P.O. box 302, Northampton. NN2 6YZ.
